# Bedir Gocmez

Frontend Developer | React / Next.js / TypeScript | **Open to Work (Nystartsjobb Eligible)**
Stockholm, Sweden · bdrgcmz@gmail.com · +46 76 963 73 90
LinkedIn: linkedin.com/in/bedirgocmez · Portfolio: bedirgocmez.com · GitHub: github.com/bedirgcmz

## SUMMARY

Frontend Developer with strong experience in React, Next.js, and TypeScript, building production-ready web and mobile applications with high attention to performance, UI/UX, and responsive design. Currently finishing a 6-month internship at Custellence, contributing to live production features in a cross-functional team. **Open to full-time React or React Native roles in Sweden (nystartsjobb-eligible).**

## CORE SKILLS

React · Next.js · TypeScript · React Native · Tailwind CSS · MUI · HTML5 · CSS3 · Vue.js · AngularJS · JavaScript · Node.js · PostgreSQL · Supabase · Git · GitHub · Agile/Scrum · Figma · CMS

## HIGHLIGHTED PROJECTS

**SkyEducation Academy** – An interactive online education platform built with React + Vite. Focused on responsive UI and performance.
https://skyeducationacademy.com

**SimpleTask (Android App)** – Task management and checklist mobile app developed with React Native / Expo.
https://play.google.com/store/apps/details?id=com.bgSweden.simpletask

**Study English App** – A bilingual (Turkish-English) dynamic sentence builder and practice site using JavaScript. Includes voice synthesis (Text-to-Speech) and interactive learning mode.
https://bedirgcmz-study-english.netlify.app/

**Image Search App** – A responsive image search tool built with vanilla JS using the Unsplash API. Supports topic-based visual search and clean UI.
https://bedirgmz-get-pictures.netlify.app/

**Meals App** – A recipe search application built with React and Next.js using the MealDB API. Includes fake login system, conditional rendering, and context-based state management.
https://bedirgcmz-meals.netlify.app/

**Spend Money App** – A core React shopping interface simulating real-world cart logic: add/remove items, calculate total, and view cart summary.
https://bedirgcmz-spend-money.netlify.app/

## WORK EXPERIENCE

**Frontend Developer (Intern)** · Custellence · Stockholm, Sweden · Jan 2025 – Jul 2025

- Contributed to production-level features in a live B2B web platform, working within a cross-functional Agile team.
- Developed and maintained reusable UI components using React, TypeScript, and Material-UI.
- Designed and implemented an AI-powered content generator for customer journey maps, streamlining user workflows.
- Improved frontend performance and optimized user flows across the platform.
- Enhanced accessibility and ensured compliance with WCAG standards.
- Participated actively in code reviews, sprint planning, and collaboration with designers and backend engineers.

**Frontend / App Developer** · Futuregames · Stockholm · Jan 2023 – Present

- Delivered top-grade frontend projects using React, TypeScript, Tailwind, and Next.js
- Co-developed the ParkingTime web app as part of a team using Agile methodologies.
- Integrated Contentful CMS for dynamic content management in a production-ready environment
- https://www.parkingtime.se/en

**Freelancer – Frontend Developer** · Stockholm · Sep 2022 – Present

- Delivered multiple freelance web & mobile projects using React, Next.js, React Native
- Projects: RoseTravel, Portfolio, SkyEducation, SimpleTask, StudyEnglish…

## EDUCATION

1. Frontend Developer Program – Futuregames (2023 – Present)
2. Fullstack Web Developer – HiCoders, Switzerland (2021–2022)
3. Primary Education (BA & MA) – Çanakkale Onsekiz Mart Univ. (2007–2016)

## LANGUAGES

English (C1), Swedish (A2), Turkish (Native), Kurdish (Native)

## REFERENCE SNIPPET

*"Bedir tackled every challenge with energy and focus. A truly solution-oriented team player."*
— **Mathias Fredlund**, CTO at Custellence

*"Bedir was the only student in his class to receive the highest possible grade in every single assignment. He has technical depth, maturity, and natural leadership — the go-to person in every team."*
— **Rob Chamberlain**, Head Teacher of Frontend Development, Futuregames

*"Bedir brought great energy, strong responsibility, and excellent collaboration skills to our team. He contributed across a broad tech stack and always focused on usability, performance, and polish."*
— **Tove Lundell**, Custellence Product Team
