SUMMARY

Fullstack Developer based in Stockholm with hands-on experience building production web and mobile applications using **React, Next.js, TypeScript and React Native**. Experienced in component-based architecture, **REST API** integration, accessibility, SEO, and responsive UI development. Worked in Swedish and international Agile teams and independently delivered applications from development to deployment.

CORE SKILLS

Frontend : React, Next.js, TypeScript, JavaScript, React Native, AngularJS, Vue.Js
Backend & Data : Node.js, Express, Supabase, PostgreSQL, MongoDB, MySQL, CMS
UI & UX : Tailwind CSS, Material UI, HTML, CSS, Storybook
Testing & Delivery : Jest, React Testing Library, Playwright, GitHub Actions, Vercel
Other : Git, GitHub, REST APIs, Agile/Scrum, Figma

WORK EXPERIENCE

Fullstack Developer (Consultant) · Data Forte AB · *Stockholm, Sweden · Aug 2025 – Present*

- Developed interactive supply-chain and logistics dashboards using React, TypeScript, Recharts/Chart.js, React Query, and Redux Toolkit, supporting real-time operational data visualization.
- Built cross-platform fleet and delivery interfaces using React Native and Expo, including offline workflows, location-based features, gesture interactions, and REST API integration.
- Created reusable Tailwind CSS design-system components and collaborated with the team through Agile delivery, code reviews, and production releases.

Frontend Developer (Part-time) · Boldwealth · Remote, Atlanta, USA · Jun 2025 – Present

- Refactored **Next.js 15** architecture to Server Components, integrating dynamic metadata and EN/TR **SEO/Open Graph** strategies to boost search visibility.
- Engineered modular client/server component structures and reusable React layouts across core product pages.

Frontend Developer Intern (LIA) · Custellence · Stockholm, Sweden · Jan 2025 – Jul 2025

- Built production B2B features using **React, TypeScript, Material UI, AngularJS, and Vue.Js** within an Agile cross-functional team.
- Designed and integrated an **AI-powered content generator** into the platform while maintaining **WCAG accessibility** standards.

Frontend Developer (Freelancer) · Stockholm · Sep 2022 – Aug 2026

- Built and launched Parlio, a multilingual (7 language) React Native learning application with subscriptions, offline functionality, and Supabase integration.
- Delivered additional web and mobile projects including Yormio, SkyEducation, SimpleTask, and Parkingtime.
